

Offsite Timber Building Designer

Location: Chichester, West Sussex

Salary: £33,000 – £38,000 DOE

Job Type: Full-time

An established timber frame business is seeking an Offsite Timber Building Designer to join its design team following a planned departure. This is a hands-on, office-based role suited to a designer who enjoys practical, buildable solutions and close collaboration with site and operations teams.

The Role

- Produce accurate timber frame designs using Revit and Dietrich's
- Design floor, wall, and roof panels for efficient manufacture
- Create 3D models, 2D details, and factory production drawings
- Support projects from concept through to delivery
- Work closely with site and operations teams to ensure buildability
- Collaborate with UK-based colleagues and the wider European team
- Gain exposure to real site conditions and construction challenges

About You

- Strong Revit experience in a construction or technical design environment (essential)
- Practical, detail-focused, and methodical approach
- Timber frame or offsite construction experience beneficial but not essential (training provided)
- Willing to work office-based, particularly during onboarding
- Based locally or genuinely willing to relocate to Chichester

Salary & Benefits

- £33,000 – £38,000 depending on experience
- Christmas bonus
- 5 weeks' holiday plus bank holidays
- Career development and specialist training
- Occasional travel to Germany
- Work on exciting bespoke projects across multiple sectors

Apply

If you're a Timber Frame Designer with strong Revit skills and are looking to build a long-term career within a supportive, collaborative team, apply now.
